WAITTS LAKE CAMP CAMPING GUIDE

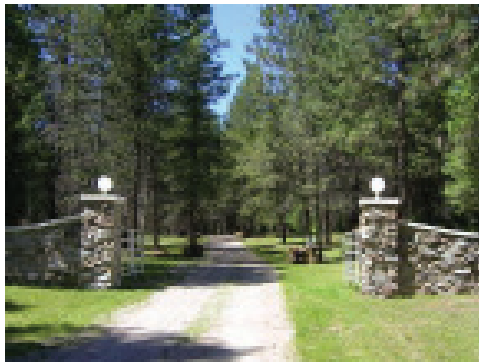

The Waitts Lake Camp is located approximately 40 Miles north of Spokane off of Hwy 395 and is ½ mile northeast of Waitts Lake. There are accommodations for large & small groups, modern hotel-style rooms with showers & bathrooms in each room. The camp has a state of the art kitchen with a large dining hall, a huge multi-purpose sports field along with an outdoor basketball court and volley-ball pit.

Waitts Lake Camp was purchased from Herb Gunderson in 1988. He started it as a private Christian Camp and encountered some health problems but wanted it to remain a Christian Camp.

When the Open Bible Churches of Eastern Washington District purchased it from Mr Gunderson there was the manager’s home, a small Chapel, and a nice men’s and ladies shower house. There were also 12 RV sites complete with underground water & electricity. They had built an open air Chapel with just a roof and sawdust floor.

After the camp was purchased, the Chapel was enclosed and a 1200 square foot kitchen was added..

The next project was to build a two story dormitory that houses 146 persons. All the rooms were carpeted, with restrooms in each room. There are 22 rooms all furnished with bunks. Several acres of trees and brush were cleared to plant grass and a sprinkler system was added later. Shrubs and flowers border the pathways.

A nice maintenance building, two more smaller dorms and a gate to the front entrance. There is a total of 100 acres for hiking and wildlife viewing.
